Outlook on agriculture

Volume 13, 1984

A review journal largely concerned with basic problems of agricultural science and modern techniques for dealing with them

OL.
13
984

Contributions for publication should be addressed to the Editor, at Pergamon Press Ltd, Headington Hill Hall, Oxford OX3 0BW

Outlook on agriculture

Volume 13, No 1

Contents

Frank H. Dodd	2	Progress in controlling bovine mastitis
J. D. Balarin	10	Intensive tilapia culture: a scope for the future in food production in developing countries
J. W. Parsons	20	Green manuring
E. W. Sprague and R. L. Paliwal	24	CIMMYT's maize improvement programme
B. J. Alloway and Alison R. Tills	32	Copper deficiency in world crops
Max Murray, J. C. M. Trail, and J. G. Grootenhuis	43	Trypanotolerant livestock: potential and future exploitation
	52	Book reviews
	56	Short book notices

VOL
13
198

Printed in Great Britain by A. Wheaton & Co. Ltd., Exeter

Outlook on agriculture

Volume 13, No 2

VOL.
13
984

Contents

H. F. Taylor and M. P. C. Loader	58	Research on the control of wild oats and broad-leaved weeds by herbicide mixtures
Watkin Williams	69	Lupins in crop production
P. Nicoletti	77	The control and prevention of bovine brucellosis
J. K. R. Gasser	80	Disposal of effluents from intensively housed livestock
N. Ahmad	87	Tropical clay soils, their use and management
Trevor I. Williams	96	Essay review: World Animal Science
Daphne J. Osborne	97	Abscission in agriculture
B. V. Subbiah	104	Crop rotations in India, with special reference to soil nitrogen conservation
	112	Book reviews
	116	Short book notices, etc.

Printed in Great Britain by A. Wheaton & Co. Ltd., Exeter

Outlook on agriculture

Volume 13, No 3

Contents

D. H. Scarisbrick and R. W. Daniels	118	Oilseed rape
M. G. Kay and R. C. Carter	125	Health hazards in irrigation development: a strategy for improvement
R. Q. Cannell	130	Straw incorporation in relation to soil conditions and crop growth
T. Misato and I. Yamaguchi	136	Pesticides of microbial origin
Herman J. Reitz	140	The world citrus crop
J. P. Leaver and E. H. Roberts	147	Peroxides in seed coatings
R. A. Hunter and J. E. Vercoe	154	The role of urea in the nutrition of ruminants fed low quality roughage diets
	160	Book reviews
	163	Short book notices, etc.

VOL.
13
1984

Printed in Great Britain by A. Wheaton & Co. Ltd., Exeter

Outlook on agriculture

Volume 13, No 4

Contents

I. Watanabe	166	Use of symbiotic and free-living blue-green algae in rice culture
R. E. W. Timmins and F. M. Barrett	173	Low ground pressure vehicles
O. C. Straub	179	Enzootic bovine leukosis—a slow virus disease
S. K. De Datta	185	Strategies for improving rice production in eastern India
M. C. Heath and P. D. Hebblethwaite	195	A basis for improving the dried pea crop
J. N. Gibbs, W. Liese, and J. Pinon	203	Oak wilt for Europe?
P. J. Gregory	208	Water availability and crop growth in arid regions
	216	Book reviews
	221	Index

OUTLOOK ON AGRICULTURE INDEX 1984
Volume 13

AHMAD, N. Tropical clay soils, their use and management. 87
ALLOWAY, B. J. Copper deficiency in world crops. 32
BALARIN, J. D. Intensive tilapia culture: a scope for the future in food production in developing countries. 10
BARRETT, F. M. See TIMMINS, R. E. W. 173
CANNELL, R. W. Straw incorporation in relation to soil conditions and crop growth. 130
CARTER, R. C. see KAY, M. G. 125
DANIELS, R. W. see SCARISBRICK, D. H. 118
DE DATTA, S. K. Strategies for improving rice production in Eastern India. 185
DODD, F. H. Progress in controlling bovine mastitis. 2
GASSER, J. K. R. Disposal of effluents from intensively housed livestock. 80
GIBBS, J. N. Oak wilt for Europe? 203
GREGORY, P. J. Water availability and crop growth in arid regions. 208
GROOTENHUIS, J. G. see Murray, M. 43
HEATH, M. C. A basis for improving the dried pea crop. 195
HEBBLETHWAITE, P. B. see HEATH, M. C. 195
HUNTER, R. A. The role of urea in the nutrition of ruminants fed low quality roughage diets. 154
KAY, M. G. Health hazards in irrigation development: a strategy for improvement. 125
LEAVER, J. P. Peroxides in seed coatings. 147
LIESE, W. see GIBBS, J. N. 203
LOADER, M. P. C. see TAYLOR, H. F. 58
MISATO, T. Pesticides of microbial origin. 136
MURRAY, MAX Trypanotolerant livestock: potential and future exploitation. 43
NICOLETTI, P. The control and prevention of bovine brucellosis. 77
OSBORNE, DAPHNE J. Abscission in agriculture. 97
PALIWAL, R. L. see SPRAGUE, E. W. 24
PARSONS, J. W. Green manuring. 20
PINON, J. see GIBBS, J. N. 203
REITZ, HERMAN J. The world citrus crop. 140
ROBERTS, E. H. see LEAVER, J. P. 147
SCARISBRICK, D. H. Oilseed rape. 118
SPRAGUE, E. W. CIMMYT's maize improvement programme. 24
STRAUB, P. C. Enzootic bovine leukosis—a slow virus disease. 179
SUBBIAH, B. V. Crop rotations in India, with special reference to soil nitrogen conservation. 104
TAYLOR, H. F. Research on the control of wild oats and broad-leaved weeds by herbicide mixtures. 58
TILLS, ALISON R. see ALLOWAY, B. J. 32
TIMMINS, R. E. W. Low ground pressure vehicles. 173
TRAIL, J. C. M. see MURRAY, MAX 43
VERCOE, J. E. see HUNTER, R. A. 154
WATANABE, I. Use of symbiotic and free living blue-green algae in rice culture. 166
WILLIAMS, TREVOR I. Essay review: World Animal Science. 96
WILLIAMS, WATKIN Lupins in crop production. 69
YAMAGUCHI, I. see MISATO, T. 136

Book Reviews
